

U-bench with "R001" "Taiko"

R001 offers you high coupling efficiency of the fiber to fiber in U-bench.
And it can adapt to the variable distance applications.

【Features】

- Easy alignment
- High coupling efficiency
- Customize upon request

【Applications】

- Analysis
- Inspection

SPECIFICATIONS

Wave Length nm	405	488	633	830	1300	1550
Efficiency %	> 60 (Typical measured) @633nm					
Variable distance mm	< 14.4 mm (+/- 0.1 dB) @1316nm Laser					
Fiber Type	SMF - FC
